ABOUT KURUKSHETRA UNIVERSITY

A Legacy Rooted in Knowledge

Established in 1956, Kurukshetra University stands as one of India's most respected institutions. Located in the historic city of Kurukshetra-known as the land of the Bhagavad Gita-the university's serene 400-acre campus sits along the banks of the sacred Brahmi Sarovar.

What began as a single Department of Sanskrit has grown into a **thriving academic ecosystem with multiple departments, centres of research, and a growing online education division that brings this legacy into the digital age.**

Why Kurukshetra University?

Top-Quality Education

Learn from expert faculty and industry professionals. Get a UGC-recognized degree that holds real value.

Fits Your Schedule

Study when you want. Take exams at your convenience, even on weekends.

Support When You Need It

Get help with academics, technical issues, and more, throughout the course.

Learning Experience

Our LMS is designed to make your learning smooth, self-directed, and seamless.

- Live and recorded class access
- Downloadable resources and session replays
- Mobile app with 24/7 learning access
- Progress tracking and regular nudges
- Community chat, discussion boards, and support

***Study when you're focused,
not just when you're free.***

Program Structure

SEMESTER I

- Programming in Java
- Data Structures using C++
- Operating Systems
- Data Communication and Computer Networks
- Object-Oriented Analysis and Design using UML
- Lab - Programming in Java
- Lab - Data Structure Using C++

SEMESTER II

- Web Technologies
- Linux and Shell Programming
- Advanced Data Base Systems
- Principles of Programming Languages
- Design and Analysis of Algorithms
- Lab - Web Technologies
- Lab - Linux and Shell Programming
- *Open Elective MOOC (Selected Course should not be from Computer Science)

SEMESTER III

- Computer Architecture and Parallel Processing
- Data Mining and Integration using R
- Artificial Intelligence
- Cyber Security
- Advanced Web Technologies
- Lab : Data Mining and Integration Using R
- Lab: Advanced Web Technologies
- *Open Elective MOOC (Selected Course should not be from Computer Science)
- Project Work

SEMESTER IV

- Big Data and Pattern Recognition
- Computer Graphics and Animation
- Mobile Application Development
- Machine Learning
- Blockchain Technology
- Lab : Big Data and Pattern Recognition
- Lab : Mobile Application Development

Admission Process

STEP 1

Online Counselling :

Our counselors will provide guidance to potential students on their selected program

STEP 2

Online Registration to Admission Portal :

Access to the admission portal is granted through online registration with a registration fee.

STEP 3
